

## Referral Appointment Information

**Cost:**      Healthcare Eligible \$0      Non Eligible \$250

This appointment will take approximately 30mins, mostly talking with the Dr.

### 1) Meet and talk with Doctor

### 2) Vaginal Swab Collection

The doctor will take swabs from inside the vagina, unless you prefer to do it yourself.

NB: If the Dr does the swabs they are able to look out for things such as abnormal anatomy, infections, bleeding and/or skin conditions etc

### 3) Ultrasound dating Scan

This is usually done on the lower stomach area however sometimes we may recommend a scan from inside the vagina. If the doctor recommends another scan at an X-ray clinic further costs will be involved.

### 4) Blood Test

### 5) Make an appointment for your abortion with reception when you are ready

**Charges for abortion procedures at AMAC apply to all patients - please check the cost of your abortion procedure with reception**
